MANAGEMENT OF RISK (Online)

South Asian Stocks Ltd Risk Management System will monitor the risks at client level. We have margin based automated RMS system. Total deposits of the clients are uploaded in the system and client may take exposure on the basis of margin applicable for respective security as per VAR based margining system of the stock exchange and / or margin defined by the RMS team based on their risk perception.

In case of exposure taken on the basis of shares margin the payment is required to be made before the exchange pay in date otherwise it will be liable to square off after the pay in time.

As a part of our risk management system, we observe the position of respective client as well as his credit balance available with us, securities lying with us etc. and depending upon the same, we allow them to transact or create the position or to extend / subtract their position.

Physical Delivery in Commodity Not Allowed

No position will be allowed to be carried into delivery/tender period and may be automatically squared off from RMS before the delivery/tender period. Admin square off entails a Call & Trade charge of Rs. 20, so please square off on your own to avoid these charges.

In case of position being carried into delivery/tender period and actual physical delivery being imposed by the exchange, South Asian Stocks Ltd is not liable for any extra margin or penalty to be paid to the exchange. Any penalty arising out of non delivery of the contract will be borne by the client.
